# The Global Aesthetic Debate: The data, The detail, The difference

## SAVE THE DATE

**DATE** | 12<sup>th</sup> June 2015

**TIME** | 12:30 – 14:30

(due to regulatory rules, US physicians are invited to attend from 13.00)

**LOCATION** | East Hall A, Vancouver Convention Centre

Galderma would like to invite you to take part in a sponsored symposium on the latest data and techniques in aesthetics, taking place at the prestigious World Congress of Dermatology. This 2-hour symposium offers dermatologists already, the opportunity to enhance their understanding of the current landscape for aesthetic medicine through a series of engaging and innovative sessions, unique video demonstrations, case study discussions and interactive toxin debate.

### Scientific committee:

Dr Phillip Levy  
Dr Ana Paula Meski  
Prof. Gary Monheit  
Prof. Susan Weinkle  
Prof. Robert Weiss

### With a “special” guest appearance from:

Dr Arthur Swift

### Session highlights include:

- Bringing the research findings to life: the latest data for a range of Galderma products
- Visualising leading injection techniques from a totally new perspective - see procedures as you’ve never seen them before...
- An interactive debate discussing the myths surrounding botulinum toxin

**To avoid disappointment, please save the date in your diary and ensure early arrival as there is limited space available.**

***To guarantee you get the most out of this interactive symposium, a Galderma Global Aesthetic Debate app will be available for download, please visit the booth for more information.***

An official sponsored satellite symposium held during the 23<sup>rd</sup> World Congress of Dermatology

With the support of Galderma and in collaboration with Galderma R&D
