

GALDERMA
ROSACEA

Improving patient management in rosacea: pathophysiological, psychosocial and clinical considerations

Galderma Rosacea Sponsored Symposium

DATE	11th June 2015
TIME	12:30–14:30 (lunch box will be provided; doors open from 12:00)
LOCATION	East Hall A, Vancouver Convention Center

We are pleased to invite you to the rosacea symposium taking place at the prestigious World Congress of Dermatology. We will be providing an interesting insight into the future of rosacea management, hosted by a panel of internationally renowned dermatology experts, discussing innovative new perspectives in achieving improved patient management of rosacea.

Scientific committee:

Chair: Dr Jerry Tan, Canada
Chair: Dr Alison Layton, UK
Prof Bernard Cribier, France
Dr Esther Van Zuuren, Netherlands
Dr Leon Kircik, USA
Dr Adilson da Costa, Brazil

Featuring presentations discussing:

- Rosacea as a multi-faceted disease
- Rosacea therapy from evidence to recommendations
Including the 2015 Cochrane update on interventions in rosacea
- New dimensions in the treatment of papulopustular rosacea
- Practical management of rosacea

To avoid disappointment, please save the date in your calendar.

An official sponsored satellite symposium held during the 23rd World Congress of Dermatology

With the support of Galderma.
