## WCD 2015 FREE COMMUNICATIONS AUTHOR DISCLOSURES

WCD 2015 requires that all individuals who make any presentation at the Congress declare their conflicts of interest in relation to their presentation(s). If there are no relevant conflicts this must also be specifically declared. The following list is a compilation of all author disclosures that have been received as of May 2015. All presenters must disclose their conflicts verbally and/or in writing (i.e. on a slide or a poster) at the time of the presentation. More detailed information on individual disclosures by any specific author, listed by specific type of conflict and commercial relation(s), are available for review by direct request to the WCD Congress Secretariat.

The presenter evaluation system for the Congress will include a question asking delegates whether they perceived any commercial bias on the part of any presenter for a given session.
